Full site mirror in the EU.

Due to space constraints, we're working on a way to keep the radio shows archives.

At the moment, the 2006 archives are on <http://mirror.nw0.info/> only, and may consider moving some of the 2007 archives to there only (have some space still left there)

For the first time ever, we need to ask the visitors of these sites

(<http://Bewareofthis.info> and <http://NW0.info>, <http://gplant.de> and <http://globalplantation.org>) for help.

Until now the server costs were all paid for by the team and the visitors of our small chat room on EFnet.

Seldomly bypassers dropped a few bucks and to all of those who did, a big THANK YOU!

Seriously, you helped.

But now we can no longer afford to bear all of the costs.

Hosting all these files is bandwidth intensive.

To run these sites the channel pays for two servers, for security reasons one of them is located in the US and one in Europe.

In total the sites run on four different servers with very nice uptimes.

For the two rented servers we have to pay 195.- US\$ a month - \$2340 a year

At the current Papypal exchange rate that makes 138.- Euros
That is if someone sends ten Dollars by Paypal only 9.31\$ will make it through. Paypal fees...

We've now added a graph on the sites for you to see the amount of money needed until the end of the year to pay for the servers.
As for today the tenth of May 2007 that is 1122- US\$ -
Please help us too keep us the files up on the net by donating what you can spare.

Just to remind you: That means literally hundreds of documentaries, audiofiles, e-books and of course your favorite daily talk radio shows, commercial free.

That means more than 15,000 cached news articles on - <http://Bewareofthis.info>.
News that often somehow "disappears" from the original servers after only a few hours.

As our regular visitors know, we do not put out information and devalue it in the next sentence with some weird UFO or racist babble.

You also know that we host alot of different viewpoints; we think it is the best if you think for yourself.
Also you won't find any popups or other ads on these sites as long as we can manage to get the needed funds together.
If you got files to add, comments, servers or anything else you are welcome to visit us on EFnet.

The name of the chat room is #New_World_Order.
Or you can just use the web chat interface on www.NW0.info.
Please help us to feed the servers!

This way we can put out copies of let's say Loose Change for less than 2 cents a piece and we do so every day and night, 24/7.
Help us to spread the information, take your part in stopping the mad new world order plans of the global elite.
Let us push them into the light so their lies are obvious to everyone.
There are Paypal buttons on the sites. Please use them.

Thanks.
